Isaac Wong
Technical Lead
EventX

To whom it may concern,

I have known Alvin Thosatria for the past year while he has worked as an Software Engineer (Internship) in EventX and directly reported to me.

Alvin is a dependable and hardworking individual and his skills and knowledge in **Full-Stack Software Engineering** were unparalleled. During his time in EventX, Alvin was tasked with finding software solutions for different projects within tight timelines, and he did an excellent job in enhancing and developing features in our product.

Apart from delivering high-quality software solutions for projects, Alvin is able to thoroughly focus on every project and is not easily distracted. He comprehends instructions quickly and is flexible when changes have to be made in the original plan.

I would whole-heartedly recommend Alvin Thosatria for your Software Engineer position and I believe you should seize the opportunity to have a dynamic and skilled programmer on your team.

Best,
Isaac Wong
